MAKE AN IMPRESSION

An artist is judged by the quality of their portfolio. The artwork is primary, but a close second is the way it is presented - the colors, the look, the textures and overall impression created. This is why picking the 'perfect' portfolio is so important. Hyatt's carries a full range of portfolios from economy to the finest available, in sizes from 4x6 to 36x48.

PORTFOLIO VS. PRESENTATION CASE

The term 'portfolio' is an all-encompassing term used for describing what are essentially two types of cases for your art: 'Portfolios' which hold mounted art or canvas panels or drawings loose in a case or a 'Presentation Case' which has posts or a ring mechanism that holds art in plastic pages that can be browsed like a book.

PRESENTATION CASES

Since they hold plastic pages, presentation cases are generally smaller than portfolios with the most popular size being 14x11. Most are multiring with a zipper and a handle. Sizes range from 4x6 to 24x36. Some have welded pages that are fixed in number and cannot be removed while others use a screwpost binding similar to a scrapbook to hold the art or pages.

PORTFOLIOS

Portfolios can be made of paper, plastic, leather, cordura, canvas, aluminum or heavy cardboard. They all hold the art loosely and allow artists to carry art of different sizes safely. Many professionals who create art of different sizes use portfolios and mount all their art to boards for a unified look. Portfolios can also just be used for protection, storage and transportation to and from work or school. Sizes range from 8x10 up to 36x48.

MANY BRANDS AVAILABLE

Hyatt's carries the brands of cases you know such as Prat Europa, ArtBin and Itoya along with some newer brands such as Dekko, Cachet, Alvin Prestige and Pina Zangaro.

ALVIN PRESTIGE

Alvin has developed the Prestige line to fill a niche to compete with more expensive brands. The complete line of Prestige portfolios and presentation cases covers the widest range of size and cost. All Prestige Portfolios are made of the highest quality materials but at a reasonable price.
