

PANTONE® Solid Guide Set GP1605N

HYATT'S
All Things Creative

www.hyatts.com/pantone

Overview

Solid Guide Set includes all five spot color guides: Formula Guide Coated & Uncoated, Pastels & Neons, Metallics, and Premium Metallics. With all 2,678 colors in the Pantone Matching System, Solid Guide Set provides designers the greatest array of Pantone's market-driven spot colors. Use this set for branding, packaging, marketing materials, signage, and when spot color printing is critical.

Format

- Five portable, handheld fan decks
- Printed on the most commonly used paper stock weights (100 lb for coated and 80 lb for uncoated)
- Lighting Indicator pages demonstrate when lighting conditions are suitable for color evaluation

Color

- Complete collection of all Pantone spot colors: 1,867 traditional spot colors, 301 regular metallics, 300 high-luster, durable premium metallics, 154 pastels, and 56 neons
- Each color displayed with coordinating numbers and ink formulations
- Colors arranged in chromatic format, with 112 new colors displayed in the front of both Formula Guides
- Index in the back of each guide provides numeric location for each color

Application

Use Case: logos & branding, packaging, and color specification, sharing and evaluation

- Complete assortment of Pantone spot color fan guides in one cost-saving bundle
- Ink formulations provide the most accurate method for achieving color on printed materials
